Research Interests

Automatic summarization, including multi-document, long-document, and multimodal summarization; Large Language Model Applications in data science, including analysis, prediction, and decision support across domains.

Appointment

Assistant Professor of Computer Science, Kean University, Sep. 2025-present

Education

Ph.D. & M.S.- Computer Science, The University of Texas at Dallas, May 2025.

M.E. - Software Engineering, Peking University, July 2014.

B.E. - Northeastern University (China), June 2010.
